Kettlebell/Power Burner \$49 per Month

These dynamic classes are 45 minutes of high energy resistance training. You will be taught how to properly execute each movement in a safe manner, all while receiving an excellent workout. Kettlebell focuses on our most versatile piece of equipment while Power Burner will give you the option to focus on strength or cardio. This is a great way to supplement your current training program.

Small Group Training \$89 per Month / Includes MYZONE HIIT

Essentially Personal Training in a Group Setting, Small Group Training is intended to work all Major Muscle Groups while teaching Proper Technique and giving Personal Attention to each exercise and participant. Strength Training is at the heart of any fitness goal, and is the focus of our Program.

Stronger Living- \$49 per Month After the age of 40 we lose about 5% of our muscle mass per decade, this is the opportunity to reverse that effect. This workout is intended to maintain/increase muscle mass to maintain a healthy youthful appearance and lifestyle. Following along with our Special Forces program we will take you through all 5 phases of training with an emphasis on strength and power!
